West Creek Middle School

February 11, 2019

Math

*I can successfully complete the unit 9 assessment with a score of 80 or higher to demonstrate understanding of concepts covered in this unit.

*I can find the area of a parallelogram and a rectangle by multiplying the base times height and length times width.

*I can find the area of a triangle by multiplying length times width and divide it by 2.

*I can find the area of a trapezoid by adding base 1 and base 2 and multiply it times the height and divide by 2.

Bellringer to be done nightly!

IXL due 2-13-19

X.4 Coordinate Planes as Maps

FF.2-FF.6 Area Concepts due 2/22

Science

* I can analyze and interpret data to draw conclusions about the transfer of energy through a food web.

*I can construct an explanation of the relationships between organisms in an ecosystem.

Upcoming Assessments

Feb 11- Math CUA 9

Feb 22- Math CUA 10

Table Talk

*In what ways do stories shape a group of people? What have you learned in Social Studies about the impact of stories on a civilization? Elaborate....

*What is a Claim and Counterclaim?

*In what ways is evidence to support the claim? Can you explain the importance of that concept to me?

Reading/Language Arts

This week we will work on the following skills: I can annotate a text piece (2), fill out a graphic organizer about the Argumentative Reading Selections, and complete text dependent questions on the two selections of reading.

**The two text pieces that we will continue to focus on, in class, will be "Leave Animals Out of the Classroom" and "Should You Have A Pet In Your Classroom?"*

Social Studies

These are the standards that we will focus on this week in Social Studies:
6.50 Compare and contrast the status of women and slaves between Athens and Sparta .

6.51 Analyze the causes, course, and consequences of the Persian Wars.

6.52 Analyze the causes, course, and consequences of the Peloponnesian Wars between Athens and Sparta.
