Math

Review Targets for TN Ready

*I can find the area, surface area, and volume of rectangles, parallelogram, and triangles using given formulas.

*I can successfully complete the TN Ready Practice Test covering a variety of concepts covered throughout the year with at least 80% accuracy.

*I can summarize numerical data by computing quantitative measures of center (mean and/or median).

*I can find the missing number in a data set for a given measure of center.

*I can display the measures of center on a graphic display.

There will be a 5-a-Day homework assignment to be done each night.

Science

Review Targets for TN Ready

*I can construct an explanation of how the Coriolis Effect impacts wind patterns on Earth.

*I can analyze energy transformations by identifying the energy source and energies that are transferred.

*I can evaluate information on renewable and nonrenewable energy resources and propose the best form of energy resource highlighting how energy moves within matter.

*I can analyze and interpret data to draw conclusions about the transfer of energy through a food web.

Social Studies/Reading/Language Arts
