

Gray Wolves Pack Newsletter

West Creek Middle School

August 27, 2018

Math Main Targets

I can add, subtract, multiply, and divide decimals using the standard algorithm.

I can identify the greatest common factor of two numbers.

I can list multiples for two numbers to determine their least common multiple.

I can apply the distributive property to find equivalent expressions.

**Please be sure to check for homework daily. No calculator will be allowed and all work must be shown.*

Science Main Target

I can construct an explanation of the characteristics of both potential and kinetic energy, as well as identify examples of each.

Unit 1 Vocabulary assignments due by Friday, August 31st.

Reading/Language Arts Main Targets

Students will focus on central idea and theme through the reading of informational texts about middle school.

Social Studies Main Targets

Ancient Mesopotamia will be focused on this week with a strong emphasis on Geography and vocabulary.

Table Talk

*Has your child shown you the division videos on our website? Many students are struggling still with dividing. Please help them use a strategy to divide.

*Did your child get to eat outside this week? This is something your child can spend their Coyote Cash on and they love it.
